Why is the office empty?

Credo's office has been near empty for the past few months. Our trainers have been busy going to Serang, Sumatra Utara, Jambi and Riau to roll out a lecturer capacity upgrade program at University of Education Indonesia's Elementary Education campus and a new collaboration with Tanoto Foundation in their five year education improvement program. We foresee our office will continue to be empty with our trainers out in Makassar in the coming months, with the continuation of our program at State University of Makassar and UPLINK (Urban Poor Link).

I'll leave you to browse through our photos below to see what we have been up to recently.

Until next time.
